90 Ulundri Drive Castle Hill NSW

5 2 6

Elevated views over the Ulundri Drive estate and a wonderfully contemporary design are on offer in this residence.

Cathedral ceilings highlight the formal living spaces, where a bricked fireplace anchors the dining, lounge and family rooms.

Large windows show off the beautifully leafy outlook and timber floors transition to a rumpus and meals area.

Living spaces flank the patio and offer alfresco access from two sides while an entertaining pergola featuring travertine tiling sits separately surrounded by immaculate lawn in the level yard.

A high ceiling soars over the master bedroom which includes an ensuite.

An updated bathroom serves three top floor bedrooms while a guest room on the ground floor enjoys easy access to another bathroom.
